What is Race for Education?

Race for Education is our school's largest and most successful fundraiser of the year. We will create webpages for EACH family to share with their friends, families, co-workers, etc. who would be willing to donate toward our school in exchange for each student running laps around the school parking lot on Friday, October 29, 2021. We will be sure to get these webpages out to everyone so that you can share them with your family and friends. Each grade will be assigned a specific running time as the date approaches.

All the donations provided directly assist our students' academic and technological needs for the school year such as First in Math, AR Reading Program, Ipads, Discovery Science, Chromebooks for grades 1st-8th everyday use, a full-time nurse, teacher aides, and specials for all of our students. This year we are also planning on improving and upgrading many of our technology needs to keep our school on the cutting edge as well as many safety features necessary due to the pandemic. Each students is strongly encouraged to reach their goal of \$150.00. Race for Education affords us the opportunity to further our children's academic, social, technological, and physical development.
